# Cloud Payroll Options

- Premium Payroll -** This is the best option for larger businesses or businesses with more complex requirements who want the very best service.
- Comprehensive Payroll -** This is our most popular option because you get unlimited payroll support, reporting of benefits in kind (e.g. company cars) and special reports. And most important, we deal with your auto enrollment compliance.
- Essentials Payroll -** This option is best for those business owners who are on a budget and want the peace of mind of knowing they are doing things right with their payroll.
